Laboratory Assay Schedule January 2010

Monday	Tuesday	Wednesday	Thursday	Friday
<p>T4</p> <p>Cortisol</p> <p>Insulin</p> <p>Vitamin B12/Folate Canine TLI Canine ACTH</p> <p>OSO4 (Assay set up) FT4ED (Assay set up)</p>	<p>T4 TSH</p> <p>Cortisol</p> <p>Progesterone</p> <p>Testosterone (Assay set up) Oestradiol (Assay set up) Aldosterone (Assay set up)</p> <p>OSO4 (Results available pm) FT4ED (Results available pm)</p>	<p>T4</p> <p>Cortisol OHP</p> <p>Sarcoptic Mange</p> <p>PMSG TUE</p> <p>Testosterone (Results avail. pm) Oestradiol (Results available pm) Aldosterone (Results available pm)</p> <p>Equine ACTH (Assay set up) PTH (Assay set up)</p> <p>PTHRP (Assay set up)</p>	<p>T4</p> <p>Cortisol</p> <p>Insulin</p> <p>Vitamin B12/Folate Canine TLI</p> <p>Equine ACTH (Results pm) PTH (Results available pm) PTHRP (Results available pm)</p> <p>TGAA (Assay set up) OSO4 (Assay set up) FT4ED (Assay set up)</p>	<p>T4 TSH</p> <p>T3 T3 Antibodies T4 Antibodies</p> <p>Cortisol</p> <p>Relaxin</p> <p>Insulin Antibodies</p> <p>TGAA (Results available pm) OSO4 (Results available pm) FT4ED (Results available pm)</p> <p>IGF1 (Run two weekly - results available following Monday)</p>

Premate Progesterone Assayed on day of receipt
Ionised Calcium Assayed on day of receipt
Feline TLI Assay performed weekly
EPO Assay performed fortnightly

Please Note:
 Should a result be needed urgently please contact the laboratory. It may be possible to run the assay sooner than the above schedule. This service will incur an extra charge (usually double list price).
